## cabernet sauvignon

2016

Gran Verano means "great summer" in Spanish. Ch...  
...to be a great summer, it's important to have a great wine.

**Gran Verano** means "great summer" in Spanish. Chile's long, hot summer days and cool summer nights allow the grapes to reach optimal maturation. These wonderful climatic conditions inspired us to name our varietal wines in honor of the summer that allows us to obtain healthy, perfectly ripened grapes year after year. Our **Gran Verano** cabernet Sauvignon is a lovely fruit forward wine produced in our own vineyards in the heart of Chile's Valde Central.
